8:40-9:20 EST  
13:40-14:20 CET  
20:40-21:20BJT

### Moderated discussions: Benefits of Integrating nature and climate financing

Speakers, following the Glasgow COP 26 and Kunming COP 15, will discuss the examples of innovative finance that are needed to scale-up Nature Based Solutions.

Speakers' presentations (6-7 minute each) will be followed by 20 minutes of discussion.

Speakers:

**Erik Berglöf**, Chief Economist of the Asian Infrastructure Investment Bank

**BAI Yunwen**, Director of Center for financing NbS, Institute of Finance and Sustainability

**Stewart Maginnis**, Deputy Director General, IUCN and Deputy Lead, SPS on NBS

**XU Jiajun**, Executive Deputy Dean, Institute of New Structural Economics at Peking University

**DU Hongxia**, Senior Program Manager, Green Finance and member of the Finance Practice Leadership Team

9:20-10:00 EST  
14:20-15:00 CET  
21:20-22:00 BJT

### Moderated discussions: Green Financing Tools, Products, Standards, Practices

The discussion will focus on identifying next steps to mainstream in nature and climate finance and reduce brown finance. This includes: linking TCFD+TNFD disclosure, innovative ESG funding, audit reporting

standards, next steps in Green Taxonomy (Do No Harm), steps to include nature and biodiversity in China's Green Catalogue. Speakers' presentations (6-7 minute each) will be followed by 20 minutes of discussion.

Speakers:

**Christoph Nedopil Wang**, Associate Professor and Director Green Finance & Development Center, FISF Fudan University

**ZHANG Chenghui**, Former Director of Financial Research Institute, DRC

**YE Yanfei**, China Banking and Insurance Regulatory Commission

**Eric Usher**, Head, UNEP Finance Initiative

10:00-10:25 EST  
15:00-15:25 CET  
22:00-22:25 BJT

**Moderated discussions: Environmentally Harmful Subsidies**

Speakers will discuss how identifying, reducing and eliminating environmentally harmful subsidies, and replacing them with incentives, payments and public-private partnerships that support green development and just transition goals can contribute to the implementation of sustainable agricultural/forestry/fisheries systems.

Speakers' presentations (5 minute each) will be followed by 15 minutes of discussion.

Speakers:

**ZHANG Jianping**, Director, Center for Regional Economic Cooperation, CAITEC

**Rodolfo Lacy**, Environment Director of the OECD
